**FREDERICK COUNTY
CHAMBER OF COMMERCE**

Moving Business Forward

THE VALUE OF BEING A PARTNER IN TRUST

Since 1912 the Frederick County Chamber of Commerce has brought together area businesses and civic leaders to promote growth and create opportunity in our region. Chamber Partners in Trust are the cornerstone to our success.

Partners in Trust have the ability and desire to invest in the Chamber beyond the standard membership dues to help us build the strongest, most collaborative and successful business community in the region. Many of our accomplishments on behalf of all members would not be possible without the additional support provided by this elite and civic-minded group of businesses.

The Partners in Trust program includes companies from all business sectors and includes public, private and non-profit partners. This partnership means you're ready to step into a larger role of influence not only in Frederick County, but in the broader region and nationally.

THE BENEFITS OF BEING A PARTNER IN TRUST

While each level of Partner in Trust investment carries with it a specific benefit structure, all allow members to have a seat and voice at the table.

Think Tank Meetings

Bring executives together on a regular basis to connect with one another, engage in high-level conversations about local issues that impact the community and their businesses, as well as engage in open dialogue about solutions.

Curated Partner in Trust Gatherings

Allow Partners in Trust to mingle and network with other executives across various industries through these carefully curated events and encouraging social, professional and political connections throughout the region.

Partner in Trust Trip

A fact-finding tour of cities that inspire Frederick's business and municipal leaders that will be returning in 2024. Previous trips include Greenville, SC and Chattanooga, TN.
